

Hello this is Alcyone! I hope that you guys are doing well! It's almost been a year since you hosted me, and to this day I am really grateful for everything you guys did for me.

Whenever I look at the pictures I took in Romania, my eyes can't help but to tear up when I come across pictures that your family and I took together. You made me feel like a part of your family and took care of me when I got sick. Even though I caused some damage to the house (referring to the thing I knocked down in the bathroom) you never yelled at me for not knowing better. Needless to say that you never failed to make me smile and laugh! I will never forget the day that we went to the saltmine. That was the day that I truly felt like a part of your family. I also remember opening sabrio cards with Raisa and vlogging it on

Snapchat. If I could time travel, I would go back to when I firstly came to Romania, because I truly felt happy there.

I miss you all so much and I hope that one day in the future I'll be able to see you again.

I remember that Raisa liked sanrio/Hello Kitty a lot so I drew this

I am very grateful for everything you did for me.

Dear parents

I hope this letter finds you both well.

I had the wonderful opportunity to stay with your family in Romania through the Erasmus+ program. I am writing to express my sincere gratitude for your kindness, generosity, and warm hospitality during my stay.

From the very first moment, I felt welcomed and comfortable in your home. You treated me not as a guest, but as a member of your family, and that meant a lot to me. I truly appreciated the time we spent together, the conversations we shared, and the chance to experience your culture and daily life.

This experience was very important to me, and it created memories that I will always cherish. Thanks to you, my time in Romania was not only enjoyable but also meaningful and unforgettable.

Please accept my heartfelt thanks once again. I hope that one day I will have the chance to welcome you to Greece and offer you the same kindness you showed me.

With warm regards,
Giorgos
